

**RE: RoHS Compliance of Manganese Greensand and GreensandPlus**

To Whom It May Concern:

Inversand Company is pleased to inform you that our products, Manganese Greensand and GreensandPlus, have been determined to meet the heavy metals regulations under the European RoHS regulation. The products are reasonably assumed to meet the limits for polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE). PBB and PBDE are compounds specifically related to fire retardant system(s), which are not parts of the manufacturing process.

If you should have any questions regarding this matter, please feel free to contact us.

Regards,

Ben Gaskill  
Plant Supervisor
